INCENTIVE PROGRAMS

PROGRAM DESCRIPTION

PROGRAM NAME COOPERATIVE EDUCATION PROGRAM

AUTHORIZING LEGISLATION Higher Education Act of 1965, as amended, Title VIII

PROGRAM DESCRIPTION

The purpose of this program is to assist institutions of higher education to plan, establish, expand or carry out programs of Cooperative Education on their campuses. Such programs are designed to provide alternating or parallel periods of academic study with periods of public or private paid employment, the latter affording students the opportunity to earn funds necessary for continuing and completing their education, and providing them with work experiences related to their academic or occupational objectives.

The legislation for this program also authorizes grants or contracts for training, research and demonstration. The purposes of these provisions are to train Cooperative Education administrators to seek methods of improving cooperative education programs; to conduct research that has broad implications for the cooperative education community; and to develop comprehensive demonstration programs.

ELIGIBILITY

Institutions of higher education, or combinations of such institutions are eligible to compete for discretionary grants. Institutions of higher education, or combinations of such institutions, or other public or private nonprofit agencies or organizations are eligible to compete for discretionary grants or contracts for training and research projects.

PROGRAM DESCRIPTION

PROGRAM NAME JACOB K. JAVITS FELLOWSHIP PROGRAM

AUTHORIZING LEGISLATION Higher Education Act of 1965; Higher Education Amendments of 1986, Title IX, Part C

PROGRAM DESCRIPTION

Graduate fellowships are awarded for study in the arts, humanities and social sciences. Fellowships are normally awarded for a period of one year and are renewable (if funds are available) for a period of 48 months. A Board, appointed by the Secretary, establishes the general policies for the program; selects the fields in which fellowships are to be awarded; and determines the number of fellowships each year for designated fields.

ELIGIBILITY

A National Graduate Fellowship Board is established to select individual to receive the awards. Grants are based on criteria selected by the Board.

PROGRAM DESCRIPTION

PROGRAM NAME LAW SCHOOL CLINICAL EXPERIENCE PROGRAM

AUTHORIZING LEGISLATION Higher Education Act of 1965 and Higher Education Amendments of 1986, Title IX, Part F

PROGRAM DESCRIPTION

The Law School Clinical Experience Program provides assistance to accredited law schools to establish and/or expand their programs of clinical experience for students in the practice of law. The program provides for the following: (a) development of new areas of clinical experience; (b) increase in the number of participating students; and (c) development and implementation of new teaching techniques. Grants are limited to not more than 50 percent of the total cost of establishing or expanding a clinical law program. Costs are limited to expenditures for planning, preparation of related teaching materials and administration; faculty training, payment for the director and other faculty or attorneys directly involved in supervision; travel and per diem for faculty and students; and other related activities in connection with the program.

PROGRAM NAME MINORITY SCIENCE AND ENGINEERING IMPROVEMENT PROGRAM

AUTHORIZING LEGISLATION Higher Education Amendments of 1986, Title X, Part B, Sec. 1027

National Science Foundation Act of 1950, Sec. 3(a)(1)

PROGRAM DESCRIPTION

The purpose of this program is to effect long-range improvements in science education at predominantly minority institutions and to increase the participation of underrepresented ethnic minorities in scientific and technological careers. Support is provided for activities designed to enhance an institution's capacity for developing and maintaining a quality science education program for all of its students. Support is provided to eligible institutions (on a competitive basis) in three ways: (1) Design Project Grants are available to institutions that do not have formal planning capabilities on campus in order to provide assistance in developing long-range science improvement plans; (2) Institutional and Cooperative Grants are available for comprehensive science to improve plans at either one institution or a consortium of institutions.

ELIGIBILITY

Public and private, nonprofit accredited colleges or universities whose enrollment is predominantly (more than 50 percent) American Indian, Alaskan Native, Black, Hispanic, Pacific Islander or other ethnic groups underrepresented in science and engineering.
